**Subject:** DRAFT - Options Briefing for Technical Package

Hi everyone,

Attached for discussion today is a draft of the options selection briefing that is being worked on for a pre-brief with Penny next week. This is a working document but I wanted to at least ensure we had an opportunity to discuss. We've had discussion about several options so as you review, please let me know if I've mischaracterized any of the options we have discussed or if any of them are out of order for the recommendation.

I have limited time today since I have a training at 11, but can schedule an additional discussion for early next week on this specific topic.

Thanks!

Karen
